

 Delta SIEVE BENDS Screens

**QUALITY THAT'S WELL
AHEAD OF THE CURVE.**

Delta Screens sieve bends can be used in a variety of applications ranging from classifying to recovering usable products that would end up in sewer line to capturing solids from effluents. A continuous slot screen sieve bend gives you a great amount of open area, is significantly more affordable and requires less maintenance than vibrating or rotary drum options. Delta Screens can manufacture sieve bends to your specifications, including construction materials and sizes.
