

OIL & GAS SCREENS

DOWN DEEP, YOU NEED DELTA SCREENS.

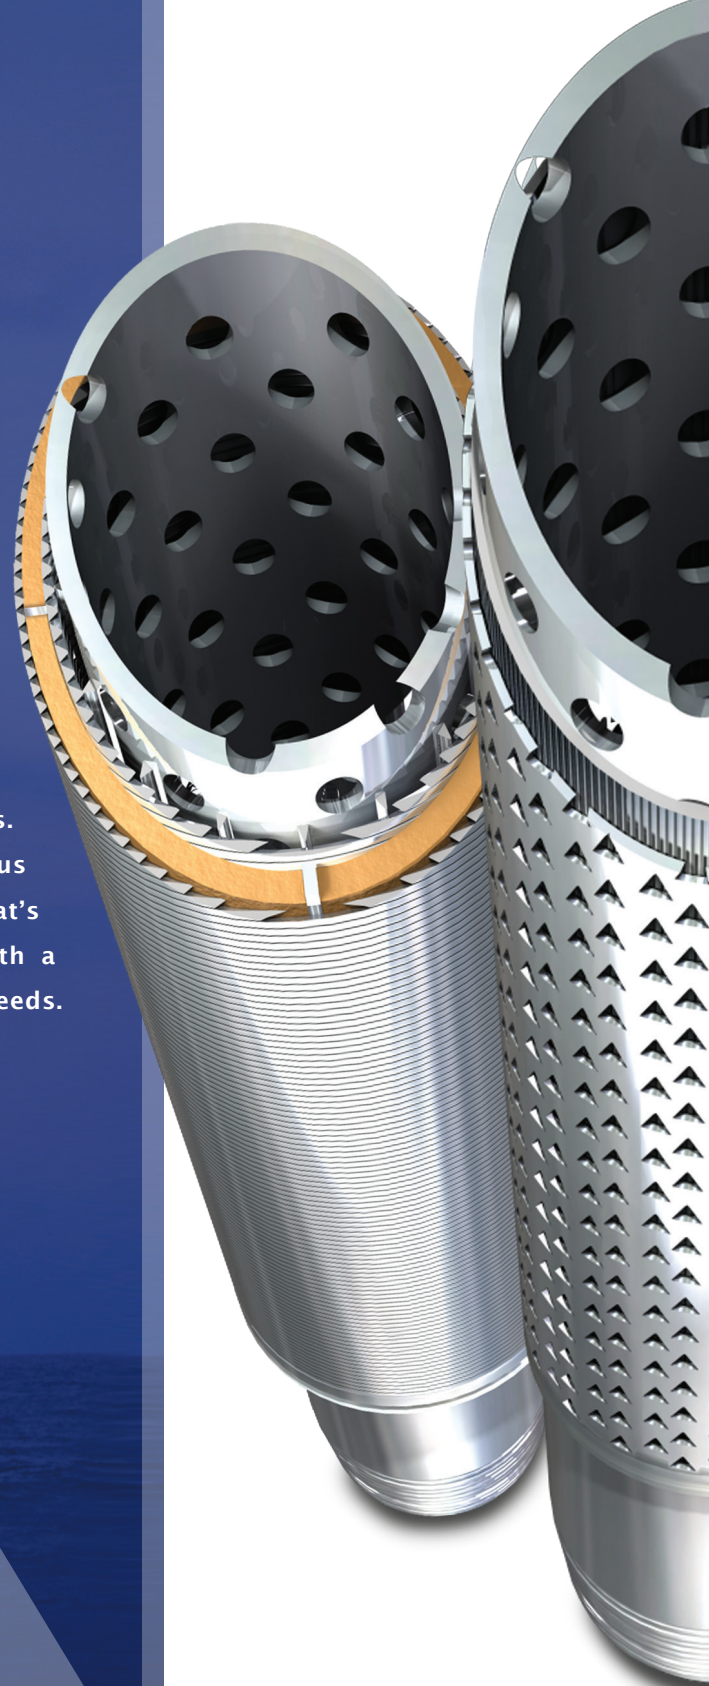

DELTA
SCREENS

SUCCESSFUL COMPLETIONS BEGIN WITH DELTA SCREENS.

In oil and gas completions, the deeper you go, the greater the risks. This makes risk mitigation the name of the game for sand control completions. As such, you need to explore all of your options. That's why you need to consider Delta Screens and our complete line of oil and gas well screens.

Delta Screens' state-of-the-art manufacturing facility manufactures long lasting and top performing screens. Our products are engineered to withstand the rigorous working conditions of the oil and gas industry. What's more, Delta Screens is a total solution provider, with a broad selection of products to meet your completion needs.

DeltaPak™ Pre-packed Screens
DeltaElite™ Premium Screens
DeltaWeld™ Wire Wrap Screens
DeltaDirect™ Wrap-on-pipe Screens

WHEN YOU'RE MILES DOWN, BEING GOOD ISN'T GOOD ENOUGH.

Every time you drill and complete a well, you're putting millions of dollars on the line (and potentially down the hole). What you need are products that perform flawlessly and endure effortlessly. Count on Delta Screens to do exactly that.

Built to the highest standards and available in a variety of alloy options, the manufacturing of Delta Screens products is tracked from the moment raw materials arrive to the second a screen is shipped. We do this as part of our total quality assurance and quality control program. It guarantees the highest possible performance and longevity.

Manufactured entirely in our state-of-the-art facility, a Delta Screens product is world-class and fully tested to meet or exceed the ISO 17824 standard for burst and collapse. We manufacture screens to your specification, or work with you to choose from a comprehensive line of standard configurations.

DECADES OF EXPERIENCE. VOLUMES OF KNOWLEDGE.

At Delta Screens, we're a seasoned team who've been around oil and gas completions for a long time. What's more, our firsthand experience has taught us much. We know what works and we can share our knowledge with you. Truth is, there can be multiple answers to any challenge; that's why we work closely with our clients to arrive at the best solution for any given wellbore condition.

DELTA
SCREENS

WE KNOW RISK. WE ALSO KNOW HOW TO MINIMIZE IT.

By any consideration, quality, engineered design, efficiency... whatever your measuring stick of choice, one company stands apart - Delta Screens. Our state-of-the-art manufacturing technologies lead to best-in-class screen products that you can depend on to perform. Find out why and put Delta Screens to work for you.
